For the past 18 hours, I've been stuck in the UAE-KSA* (land) borders. Denied entry to my country because I'm a woman driving my own car with a valid UAE driver's license which, according to the

GCC (Cooperation Council), allows me to legally drive in Saudi Arabia. The Saudi border refusal expresses their carelessness to those agreements. Plus, they are denying their own citizen from entering her country.

I also don't know what they are doing with my passport all this time.

18 hours and counting.
